### Extracts from the minutes of the Yearly Meeting held in New York 1797

6mo 1st The meeting was led into a renewed consideration of the subject respecting our friends remotely situated by the report of the committee thereon which was read as follows (Viz) To the yearly meeting now setting

The committee appointed to the consideration of the situation of the Members of our Religious Society in Upper Canada as Represented in the Report to the Yearly meeting on that subject having carefully attended thereto and compared our prospects and sentiments thereon are united in proposing that in order to strengthen and encourage those remote Members it would be right to renew a brotherly extension of sympathy and care towards them by an appointment from the Yearly meeting to make them another Visit and which Visit we believe might be more usefull if it was performed in conjunction with an appointment from Nine partners Quarter for the like purpose and being impressed with a belief that there would be a propriety and safty in granting those friends the priviledge of holding a preparative Meeting and to be Furnished with a copy of our Discipline that so they may be Inabled and encouraged to a consistancy in princepal and conduct and as they reside at a greate distance from a monthly meeting we would suggest whether it might not be reas?able and proper to grant them the Liberty of Accomplishing thei[r] Marriages and such other priveledges as the Committee in the course of their ?iset and attention to the case may apprehend safe and proper and who may also fix on the most suteable place for holding the said preparitive Meeting and to the extention of such care and advice in the Establishment thereof as may appear necessary and proper and as all the Requesters mentioned in the Report are received into membership by the monthly meeting of Nine partners we apprehend there would be a propriety in their continuing to belong to the Quarterly meeting of Nine partners as well as those who ware members before and to be Joined to their Monthly Meeting which the Committee may judge will be best for them and most likely to set easy with Friends

The Committee likewise takeing into consideration several matters which may be necessary and proper for this preparative meeting to transact and proceed in somewhat further than is usual for preparitive meetings it is their judgement that ? admitting Marriages to be accomplished amongst them as expressed in the Yearly Meeting minute it will be safe and proper That when any member of our society shall transgress the rules of our Discipline and the labour of Overseer or other concerned friends is not sufficient to reclam bring such to a sense of his or her transgression that the case be brought to the preparative meeting by the Overseer there the said meeting then by appointment labour with the Individual and if the said offender cannot be reclaimed

time for the monthly and Preparative Meetings to be held after comparing prospects and having the mind of friends thereon Resulted in a belief that it would be most suitable that the monthly meeting be held on the third fifth day in each month And also that the preparative meeting be held on fourth day preceeding the monthly meeting

As the Discipline directs the whole of the Queries to be read and answered in the last monthly meeting before the Quarterly Meeting preceding the Yearly meeting Which would render it Impracticable for them seasonably to forward their accounts to the Quarterly meeting They are therefore directed to read and answer the whole of their Queries in 12 Mo and forward their answers seasonably to go to the above Quarterly meeting and a desire is witnessed and thought likely that an advantage would result from it If one or more was to attend the Quarterly meeting with the accounts Friends are therefore desired to attend when consistent

meetings Viz At a yearly meeting held in New York by adjournments from the 23<sup>rd</sup> of the 9<sup>th</sup> mo/.. 1803 to the 27<sup>th</sup> of the same Inclusive

A solid deliberation attended the reading of the Queries together with the answers thereto from our questions respecting the state of our Society in the different parts of this yearly meeting and we have thankfully to acknowledge the renewed evidence of that precious feeling that unites the family together in the bonds of Christian fellowship under this covering our absent friends have also been brought near to us and a fervency of ? experienced for the welfare of the flock and family at large that Zion May Move and more become the ?ty of Nations and the praise of the whole Earth and in order that this may be increasingly experienced we app? it right to hold up the necessity there is for all to attend to the apostle exhortations to the believers in his day – “Inthereon mind your calling” – happy for those individuals who are ? attentive and happy would be forms a highly favord Society were we generally there concerned – Then those painful accounts that continue to mark the answers to the queries would more and more be done away – Amongst the Varied deficuncies prevalent and which have at this Season Excercised many minds it hath been affecting to observe the continued want of concern in some in each quarter relative to the due attendance of our religious Meetings for the performance of divine Worship as also the prevalence of a lukewarm drowsy Spirit in others by giving way where to Individuals are Weakened and the profession we make more or less reproached? many lively and pertinent remarks were made in order to stir the p?mired in all to a solim consideration of their Standings in those respects and how far we are good examples to other The breath of love and unity in a member of Instances? are stated in the parts of the reports together with the prevalence of the Spirit of ? tion in some hav also renewed and painful excercise Those things things [sic] being very injurious to the best Intires of Individuals in payment

**Page 098 – Jackie Crerar**

To the proposion we make and directly approved to the religion of Jesus who declared “by this shall all men know that ye are my Desiples if ye have love one to another” a renewed travail and exercise hav also been experienced at this season relative to the Departures that are affectingly obvious from the uprightness and simplicity of our profession not only as it relates to plainness in appearance and address but also in deportment and commerce amongst men – And in giving way to the unnecessary ? and in some Instances intemperate use of Spirituous Liquors and frequenting Taverns. A desire is feelingly prevalent that those every where who are the objects of this concern may be prevailed with to make a pa? And honestly enquire from whence those things originate and where they will if persued unavoidably bad – And it is greatly desired that overseers and other common freinds who are placed as watchmen on the wall may be Vigilant and unremitted in the discharge of their respective duties Labouring in the Spirit of restoring love and meekness for the help of those who are not enough concerned for their own Welfair that this we may encreasingly become a Joint band in travil and Excercise and experience “Peace to be within Zions Walls and prosperity within her Pallaces”

And in order that the brotherly of this meeting are expressed in the preceeding minute to gether with the concern more at large unfeelingly experienced at last sitting may be carried into affect and become more ?ffev? a propriety appear in making an appointment to accompany the extracts to the Subordinate meetings as far as they discover the way to proceed therein and the following friends are appointed to the Service and encouraged to move forward in the concern that is

Gideon Seaman, Hugh Judge, Enoch Dorland, Thomas Vitner, Thomas Rotch?, William Mitchel, Joseph Wi?bore, Joseph Byrd, William Valentine, Isaac Leggett, Stephan Rogers, William Odell, Isaih Quimby & Willet Hicks Taken from the minutes of the aforesaid meeting Ritchard Mott Clerk

At Ninepartners Quarterly Meeting Held 5<sup>th</sup> of 8 Mo. 1807.

The Extracts from Our Last Yearly Meeting, was now Received and read by wich appears that Meeting was Set into a feeling Exercise and is avail on account of the Irelevance of the Unnesserary and Excesive Use of Distille Spirits, a feeling Solicitude has also Prevailed in this this Meeting, that friends may be mitley? Concerned to Coperate With the Concern of that meeting, that thereby We as a Religious Society May be clean of the unnecessary use of that Article, or of being accessory in spreading it amoungst our fellow Creatures --- the further consideration thereof is refined to our Particular Monthly Meeting. \_ Where the Clerk is Desind forward copies Which is as foloweth. Viz

At a Yearly Meeting held in New York by by Adjournments from 25<sup>th</sup> to 29<sup>th</sup> of 5mos Inclusive 1804 In attending to the State of Society as Represented by the Reports from our several Quarterly Meetings, We find that many things incompatiable with the simplicity & Purity of our Religious Profusion are still apparent, producing Exercise and concern to this Meeting and several Deviations as stated in the accounts from being Very prominent Mor? of departure from the principles of religious & moral rectitude, have Very Seriously affected the Mind of freinds, particuarly the improper & excessive use of distilled spirits: and aferverent concern is witnessed, that friends in their Varied allotments, and especily where those mournful Effects are apparent, May keep in remembrance the advansed state of our Testimony in that respect and by a consistant conduct there with, and a brotherly and Christian came towards those who give cause of concern in this particular those sorrowful and very affecting Deaivations May be done away from amongst us, a feeling Solicitude has also been experienced: evidenced by the communications of Divers Concerned Brethern, that friends generally may Enquire how far their conduct and example Relative to the use of this article, so destructive to the Hapings & Morals of Mankind, Countenancy and strengthens those in the use of it . Who by gradations have been Captivated thereby --- and while under the Concideration of the subject, We are led to call the attention

of friend to that of Distillations, It being Medium through which large Quantities of ardent spirits are Defused

**Page 187 – Sandra Haines**

Through our Country and as many distilleries have of late been erected in various Parts, We Desire friends Every Where may be led to the impropriety of furnishing Them with the means of making this article. It being much better that the grain and other produce of our Farms, that We are so Plentifully blessed with, Through the Bounty of our Mercifull Benefactor; for our support and Comfort Tho we be given for bread and to the poor than to be turned into the article of spirits Wich in its Nature tendency is so Distructive to the lives and Morrals of many of our fellow Creatures.....Our profession is founded on the benevolent Spirit of the gospel, a Spirit that breaths Peace on Earth and Good Will to Men, and We fervently desire that friends in Every Department of Society, may show forth a conduct consistant there with, that thereby our lights May so shine before Men, that others living does. Good Works, may have to Glorify our Heavenly Father, and that through such a conduct, and a Vigelent and Christian Care On the part of Overseers, and other concerned friends, we may have reason to hope that those many painful deficiencies now apparent will now be removed.....

It appearing that the minute of our Last Yearly meeting Directing the Quarters to have the alterations concluded any by that Meeting made in the Queries and Book of Decipline, Was not a like by all the Quarters in Explanation, thereof it may now be Stated, that it's the intention of this meeting that under the head "marriages" in the 4th page of the book of Decipline the Words "Magistrate or any other Person" be erased in all our copies, and that in thy Querie the letter A before the Word Preist be inserted, and the Words "or Magistrate" Erased and that the position of Device attached to the 3<sup>rd</sup> querie be obliterated.....Extract from Minutes by John Barrow Clerk

Our Monthly Meetings are disined to attend to the Directions of the Yearly Meetings as above stated and if the alteration in their Books of Decipline is not made agreeable thereto that it be done and report accordingly.....Taken from the minutes of the above said meeting by Isaac Thorne Clerk

The Friends to appointed Enform John Brown of this meetings conclusion Report the appointment and produced an esay of satisfaction Wich being read is approved and signed, It is as folowith Judah Boreman and Cornelious Blunt, are appointed to Read it at the Close of a first Day Meeting at Kingston, if he shows no intentions of appealing, and give him a copy if He Desires it and Report Next Meeting
