

## Feelings Inventories

The following are words we use when we want to express a combination of emotional states and physical sensations. This list is neither exhaustive nor definitive. It is meant as a starting place to support anyone who wishes to engage in a process of deepening self-discovery and to facilitate greater understanding and connection between people.

There are two parts to this list: feelings we may have when our needs **are** being met and feelings we may have when our needs are **not** being met.

We also have another list that may be of interest to you: a list of needs.
