To the Committy of the half Years Meeting of Canada appointed in the case of a Request for a Monthly Meeting at Adolphustown ~

Dear Friends ~

I feel So desirous of addressing You on the Subject of Your present appointment, that I have concluded to offer a few observations for Your consideration; in hopes, that if it has no weight on the Subject, You will excuse my want of right judgement in So important a Case. I may observe; That during

the discussion of it in meeting this day, my mind was deeply exercised under the impressions which many of the observations of friends had made, and the consideration of the Subject again & again revising before my view. I am inclined to express an anxious desire, that you may not come to any conclusion, that is not directed by the unerring pointings of Truth, and by that means avoid the Serious consequences which might derive from the prevailing bias of Human judgement, and although I am in Some degree Sensible, that the Strength of the Body, does not consist in the multitude of its members, many or few; Yet it is my mind, that our present monthly meeting collectively, has nothing to Spare in the proper conducting of the several Testemonies we are presuming to maintain; and if this little Strength this deficiency of right possessed ability Should become divided (here is the Query with me) Shall we be able to Stand in a State of right acceptance in Support of the Rightious cause, which we as a people are advocating, and holding up to the World: for I do believe that if our Religious concerns, or any part of them, (specially the important, and weighty business of Settling a Monthly meeting) Should be carried into effect in the erring will of man; that Sooner or later it will produce its own fruits. – I have no Selfish end, or motive whatever in view, in the least to Retard or bias Your judgements against a compliance with the very important request of our friends of Adolphus & Leeds if it can be found to award with the Spirit of unerring judgment; But it has appeared to me, that a temper of the naturely will has been [?] [?] by Some of the requesters; Something like a desire of human convenience ( and Shall I say ) very like a Spirit of opposition; to all of which, have You not been Witnesses.

I am Sensible of the great disadvantage, as to temporal inconvenience which many of these friends are labouring under, and I earnestly desire, that if the result of Your judgement, Should establish their wishes, it may be done under a right feeling; as if Seting up a Standard of Righteousness for ages yet to come. But I have Said in my heart, why Should Such neflictions arrest my thoughts? And I have in my very Heart

enquired Where are the planters? Where are the pruners? Where are those to Water the tender plant of Life that it may prosper and grow into dominion and lasting perfection. Where are the judges of at the first? And where are the Councillors as at the beginning? To Select as Sheppards of the Flock; for I do believe, that if our Religious Sistem is not maintained under the influence of that Spirit which we as a people professedly hold forth; it will in time, terminate to our Shame, and find its decay wen as an Image of our own making; therefore my desire is that You may be favoured with a right discerning of the important case committed to Your charge and may none of You be biased in judgement by the remonstrance of any: for or against the proposed request of our friends: that You may as good Stewards of the Household of Faith, be inabled to See in the true Light, how to plant, how to cultivate, how to Settle, and improve our little Vineyard in this Quarter of the Land; that we may be favour'd to grow up together under the influence of that Divine blessing, which can alone preserve and Settle us, as the true Church to the honour, and praise of its Holey head & High Prienst; that we may become one as a City Set on an Hill that cannot be hid. ~ Dear Friends, on looking over my own dear Childrens, and friends in general hereaway, I do feel a Solitude to absence to You, the importance there is in a right disposing; a right establishing our Religious concerns as Relates not only to our present groth, and Safety, but the growth, the Health & preservation of the Body for generations to come ~

I am of opinion that there are busy Heads & weak Hands belonging to the Body, and that, where Such one put forth to Steady & preserve the Ark of the Covenant of Life; it may be a means of producing Death to themselves, and a lasting reproach , to the great grief of the living amongst us. Therefore, as one of the poor, weak, unstable members of the Body, I feel willing to Submitt my feelings, and Sentiments to Your consideration with a desire that it may remain entirely within this Circle of Your own observation, and if no good Shall derive thereform as Relates to your conclusion the Weighty matter before You; It has a tendency to Relieve my feelings on the Subject, and So I am willing to leave it, while I Remain Your affectionate friend

P.S. I wish to turn your attention to the Town of Kingston as the place of holding that monthly meeting, Should your conclusion be a means of its establishment ~
