

CANADIAN YEARLY MEETING ANNUAL GATHERING 2023

The Daily Quacker

Monday, 10 July, 2023

Welcome Friends!

If possible, please read your Daily Quacker online. At the top of the [CYM Planner](#), look for the “[Daily Quacker](#)” link. There will be limited printed copies available at breakfast. If you take one, please share it with others.

If you are on a small device, try turning it to landscape mode for larger type.

If you have items for the Daily Quacker, follow the same link and fill in the web form. The deadline for next day's posting is **7pm Central time**.

Monday's Highlights

Tonight is the SPG Lecture with Dick Preston— *Truth and Reconciliation: a personal view from 60 years of learning Cree culture*. For those of us in-person at CMU, afterward there will be cake.

Children & Youth: Swimming Field Trip Monday Afternoon

We are currently considering two locations for the trip, the William Osler Park outdoor wading pool for younger children and anyone who prefers it, and the Pan Am indoor pool for older kids. Final decisions will be made at lunch time in consideration of the weather. The smaller children will travel by car and the rest of us will take the public bus route 66. We will muster in the C&Y Program room at our usual afternoon starting time of 2:15. Adult Friends who have volunteered to assist us for this trip are asked to join us at that time, with your swimsuit and towel!

Quiet Hours - A Friendly Request

If you're wandering the grounds or visiting friends outdoors in the late evening or early morning, please remember that there may be someone sleeping with a window open. Stay away from open windows and tents, and keep your voices low! Thanks from a Friend whose body clock is 2 hours behind.

Canadian Quaker Library and Archives

The Canadian Quaker Library and Archives is here at CYM! We have a table just outside the main meeting room (A01). Come by to meet the archivist, ask questions, and browse some photographs and books. Our special exhibition is a thank you gift for food & support following WWII, handwritten and illustrated by German children, given to Canadian Friends Service Committee.

Can You Offer Help?

Get involved! Talk with Laurel Beyer (frequently seen in the Reception Area, organizing!) about how you can pitch in to make the Gathering run smoothly. If we all do a little, a lot gets done!

We are particularly looking for “tech” help. There are lots of simple tasks, like zoom hosting in the session you were already planning to attend. A sign-up sheet is on the wall next to the large worship room. Check with cymhelp@quaker.ca to see about someone to train you and to answer any questions.

Monday's Complete Schedule
